Hazardous Weather

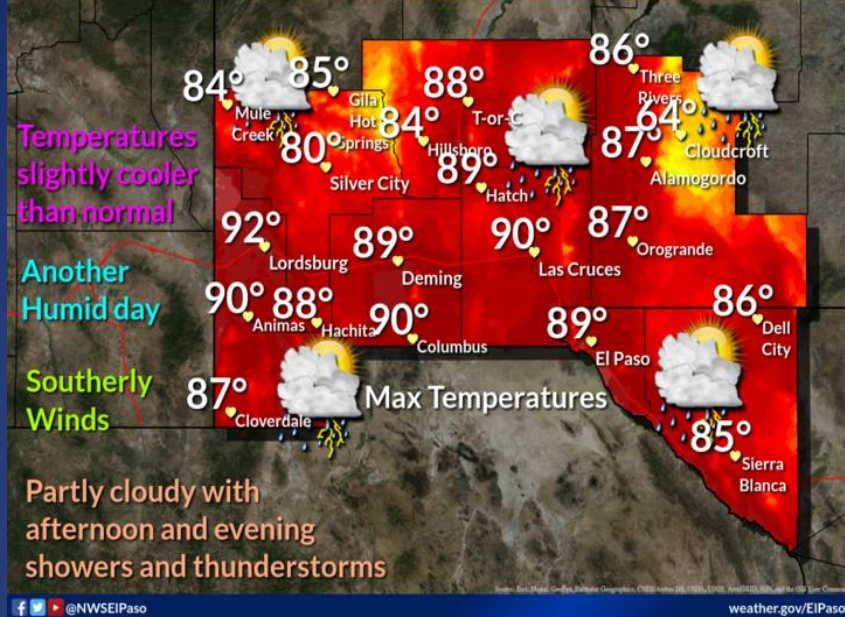

Hazardous Weather

Tuesday...more rain and storms possible

Monsoon moisture remains over the Borderland for isolated to scattered storms

Weather Forecast Office
El Paso, TX
Issued Aug 02, 2021 7:50 PM MDT

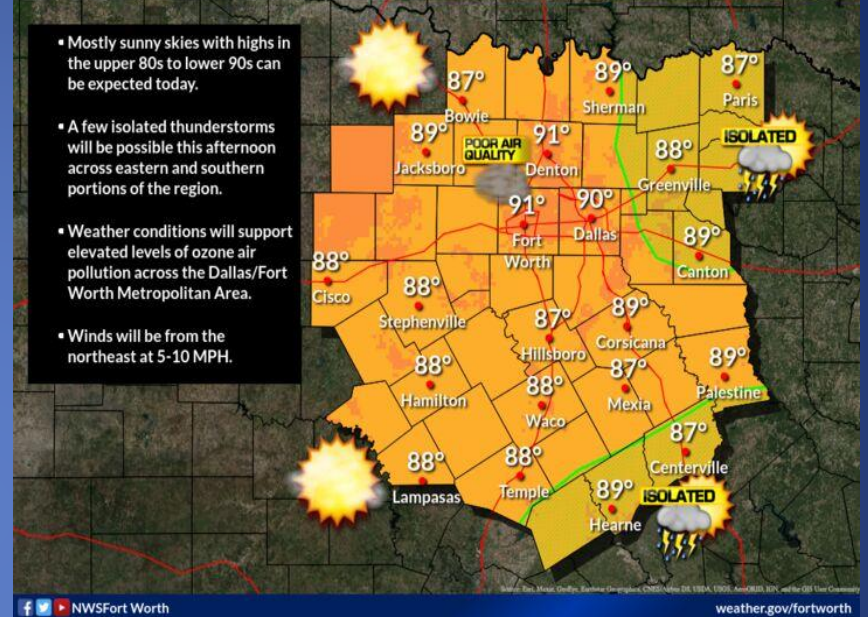

There is still a lot of monsoon moisture across the Borderland, so expect another afternoon and evening of showers and thunderstorms across Far West Texas and Southern New Mexico. With plenty of clouds, and high humidity, temperatures will top out slightly below average.

Today's Forecast

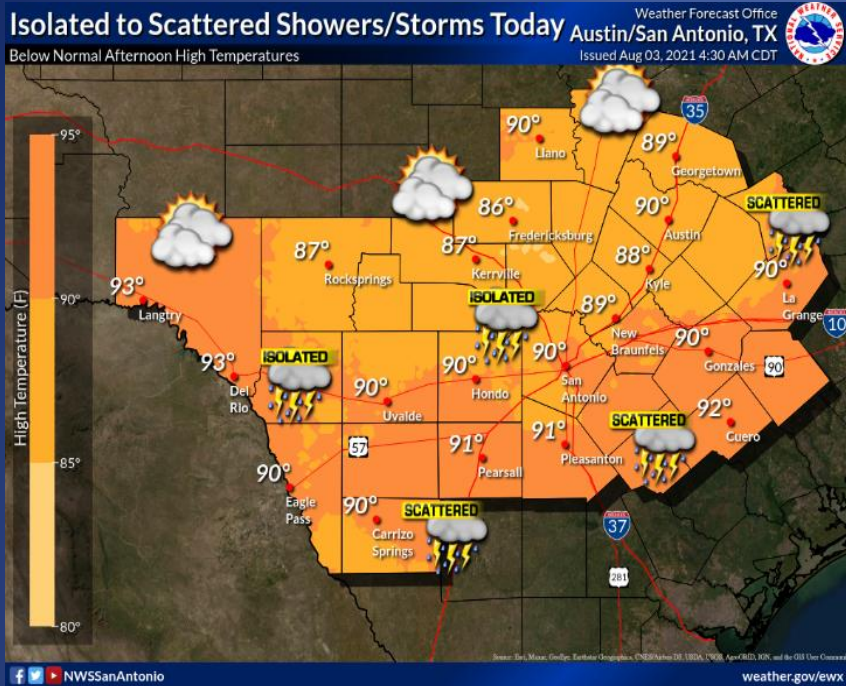

Forecast High Temperatures

Weather Forecast Office
Fort Worth, TX
Issued Aug 03, 2021 5:59 AM CDT

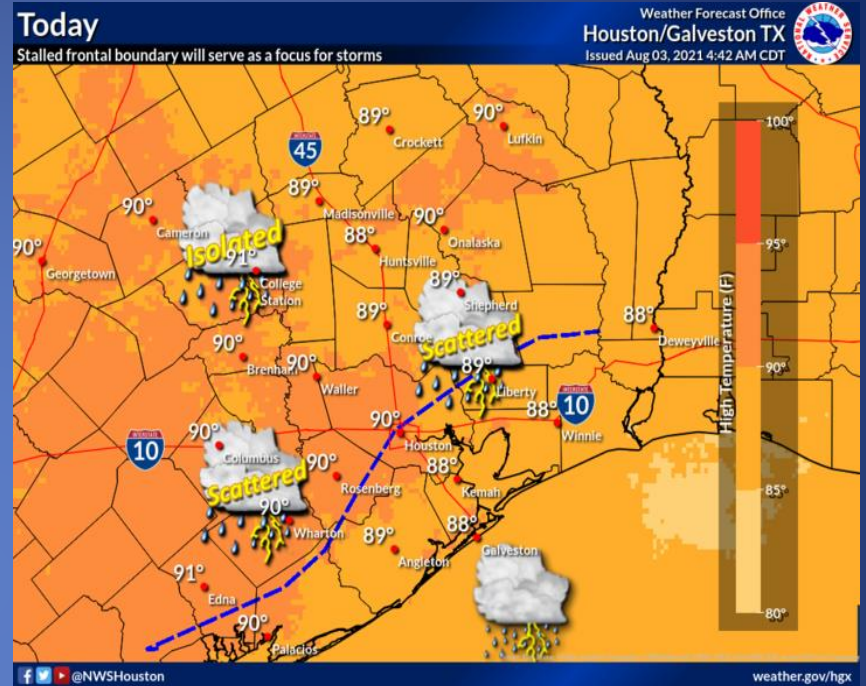

A few isolated thunderstorms will be possible across eastern and southern portions of the region, but otherwise expect mostly sunny skies and highs in the upper 80s to lower 90s. Weather conditions will support elevated levels of ozone air pollution across the Dallas/Fort Worth Metropolitan Area.

Hazardous Weather

Rain chances today will focus more along the areas of the Coastal Plains and areas east of Interstate 35. Additional isolated showers and storms are possible across the Rio Grande Plains. Temperatures will run below normal in the upper 80s and lower 90s.

Hazardous Weather

Today's Weather

Scattered/numerous showers/storms. Highs in the upper 80's. Light winds.

Weather Forecast Office
Lake Charles, LA
Issued Aug 03, 2021 6:11 AM CDT

Expect another day of scattered to numerous showers and thunderstorms, especially near a stalled front over the southern portions of the area. High temperatures are expected to run in the upper 80's. Winds will be light and variable.

Scattered to Numerous Showers and Thunderstorms Today

Locally Heavy Rainfall with Isolated Flash Flooding Possible

Weather Forecast Office
Corpus Christi, TX
Issued Aug 03, 2021 4:55 AM CDT

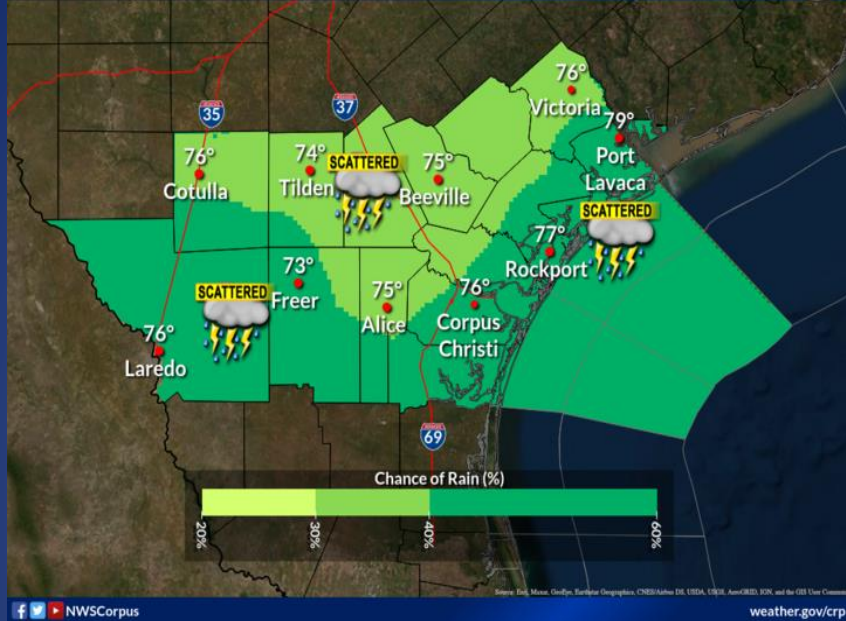

Mostly cloudy with scattered to numerous showers and thunderstorms today over South Texas. Locally heavy rainfall with isolated flash flooding possible. Highs from the upper 80s to the lower 90s. Maximum Heat Index values 105 to 109 over portions of the southern Coastal Bend.

Hazardous Weather

Scattered Showers and Thunderstorms Tonight

Near Normal Temperatures

Weather Forecast Office
Corpus Christi, TX
Issued Aug 03, 2021 5:27 AM CDT

Mostly cloudy tonight with scattered showers and thunderstorms. Lows from the mid 70s to near 80.

Scattered Showers and Thunderstorms Today

Partly cloudy and hot with heat index values 106 to 110 this afternoon

Weather Forecast Office
Brownsville/RGV, TX
Issued Aug 03, 2021 5:19 AM CDT

A stationary frontal boundary across the middle and upper Texas coast will provide isolated to scattered showers and thunderstorms across portions of deep south Texas today. Heavy rainfall can be expected with some of these thunderstorms and with the slow movement of some of these storms, the potential for localized flash flooding exists as well. Expect hot temperatures across the Rio Grande Valley this afternoon and with the humidity, heat index values or "feels like" temperatures will reach 106 to 110 degrees across most of deep south Texas.
